7) REGULAR AGENDA

a) MULTI-UNIT Consider Change Order to Annual Mowing Contract with The Grassroots Corporation (CO No. 6)

Mr. Beatty explained that this is an annual contract for multiple units. He stated that an element of this contract included the mowing of a portion of the canal between Steeplechase and Woodbine. He noted that the Board has approved an Amendment to the Maintenance Agreement with Steeplechase Safe Neighborhood District, subject to their approval. They are still in the process of reviewing the Amendment, so Staff believes it is appropriate to remove the mowing from the contract that was previously signed. He noted that it is a \$9,000.00 deduct Change Order and Staff recommends approval. Mr. Boykin called for any comments from the public to which there was no response.

A **motion** was made by Mr. Cohn, seconded by Mr. Salee and unanimously passed approving Change Order No. 6 to The Grassroots Corporation to decrease the contract by \$9,000.00.

b) UNIT OF DEVELOPMENT NO. 2C – ALTON Status Report

Mr. Beatty began by showing the Board the unit map and then displayed a site plan and aerial photo which delineated Parcel D. He explained that construction has now begun on this parcel and showed various aerial photos of the work being done.

Mr. Boykin asked if this is the last major phase to be completed, and Mr. Beatty advised that there are one or two phases left in Artistry, which is on the west side of I-95, but he advised that this is the final residential phase on this site.

Mr. Beatty pointed out Alton Boulevard and noted that the final lift of asphalt for Alton Boulevard is currently out for bid and the Board will be asked to consider awarding that project in the near future. He concluded the report with photos of the dewatering system, noting that J.W. Cheatham has done a lot of the public improvement work within this Unit and the project has run smoothly.

This item was presented for information only and no Board action was required.

c) UNIT OF DEVELOPMENT NO. 5 – HENRY ROLF Consider Purchase Order to Mock Roos & Associates, Inc.

Mr. Lawson stated that this item encompasses Units 5A through 5D. He explained that Northern has determined that the 96-inch diameter, corrugated metal drainage pipe underneath Jog Road should be upgraded. He further explained that Staff requested three design approach methodologies from Northern's Consulting Engineers and two were received. He reported that the firms were ranked at the March 9, 2021 Engineering Review Committee Meeting. The firm of Mock Roos & Associates was the highest ranked firm and Staff was authorized to negotiate a proposal with Mock Roos for this work.

Mr. Lawson stated that Northern received and reviewed a proposal from Mock Roos & Associates, Inc. for the design, bidding and construction phase services for the work in the amount of \$115,613.00. Staff found the proposal to be appropriate and approval of Purchase Order No. 21-467 to Mock Roos & Associates, Inc. in the amount of \$115,613.00 is recommended.

Mr. Boykin called for any comments from the public to which there was no response.

A motion was made by Mr. Cohn, seconded by Mr. Salee and unanimously passed approving Purchase Order No. 21-467 to Mock Roos & Associates, Inc. in the amount of \$115,613.00.

d) UNIT OF DEVELOPMENT NO. 11 – PGA NATIONAL Consider Award of Contract to Ranger Construction Industries, Inc.

Mr. Lawson stated that Northern opened bids on April 13, 2021, for a project involving the milling and resurfacing of Avenue of the Champions from PGA Boulevard to Tournament Drive. He explained that this project was publicly bid and two bids were received. The low bidder was Ranger Construction Industries, Inc. in the amount of \$325,164.42. He stated that Northern has worked with Ranger before and they are qualified to do the work. Mr. Lawson reported that Staff is recommending a conditional Award of Contract and approval of Purchase Order No. 21-455 in the amount of \$325,164.42. The recommendation is conditioned upon receipt of title to two small pieces of property within the roundabout which should be turned over to Northern by Quit Claim Deeds that will be brought to the Board for consideration at a future meeting.

Mr. Boykin called for any comments from the public to which there was no response.

A motion was made by Mr. Cohn, seconded by Mr. Salee and unanimously passed an Award of Contract and approval of Purchase Order No. 21-455 in the amount of \$325,164.42 to Ranger Construction Industries, Inc., as conditioned and presented.

e) UNIT OF DEVELOPMENT NO. 16 – PALM BEACH PARK OF COMMERCE

i) Consider Access Easement

Mr. Beatty began by showing the Board an aerial photo which delineated the subject area for the next two items. He explained that the first item is an Access Easement that Northern currently needs. He noted that during the development process of these two parcels, Northern identified the need for legal access to an outfall ditch that Northern maintains, so Staff recommends approval of this Access Easement.

A **motion** was made by Mr. Cohn, seconded by Mr. Salee and unanimously passed accepting the Access Easement.

ii) Consider Authorization for Amendment to Plan of Improvements

Mr. Bardin stated that the Developer in the Palm Beach Park of Commerce has requested a change in the Unit's Plan of Improvements (POI). A slide of the subject area was displayed and Mr. Bardin explained that the request is to delete the extension of Distribution Way, which bisects the development parcel shown, and to add an extension of Venture Way as a public access. He also stated that several intersection improvements are being required at the intersection of the Beeline Highway and Park of Commerce Boulevard and Staff is requesting Board authorization to include in the POI Amendment a clearer specification of which of those intersection improvements will be Northern's responsibility.

Mr. Boykin asked if the intersection is being altered due to traffic, and Mr. Bardin advised of all of the different factors resulting in the need for the intersection improvements, noting that the Developer is already commencing construction of mast arms for traffic control at that intersection.

Mr. Edwards then outlined what the POI Amendment procedure would be, if authorized.

Mr. Boykin called for any comments from the public to which there was no response.

5

A **motion** was made by Mr. Cohn, seconded by Mr. Salee and unanimously passed authorizing the preparation of a Ninth Amendment to the Unit's Plan of Improvements.

f) UNIT OF DEVELOPMENT NO. 53 – ARDEN

i) Status Report

Mr. Beatty stated that there is nothing to report on at this time, but Mr. Lawson is presenting the next item which will result in future construction projects for this Unit.

This item was presented for information only and no Board action was required.

ii) Consider Award of Contract to Centerline Utilities

Mr. Lawson stated that on April 13, 2021, Northern received bids for both public improvements and, at the Developer's request, private improvements for Parcels J, G-South and I-South. He explained that the last two of those parcels are for Phase 3 of the project. He further explained that Parcel J was the subject of a previous Board action to cancel the contract, also at the Developer's request, during the economic downturn caused by the pandemic. It was previously removed by Change Order and is now part of the bid for public improvements.

Mr. Lawson reported that four bids were received and the low bidder was Centerline Utilities, Inc. for the public improvements in the amount of \$2,711,183.38, noting that the second low bid was .001% higher than the low bid. He stated that the Developer has negotiated with Northern's low bidder for the private improvements as well, so only one contractor will be working on the public and private projects. He stated that Staff is recommending an Award of Contract for the Public Improvements to Centerline Utilities, Inc. conditioned upon receipt and acceptance of a Non-Interference Agreement which we anticipate will be on the May Board Agenda for consideration and execution.

Mr. Boykin called for any comments from the public to which there was no response.

A **motion** was made by Mr. Cohn, seconded by Mr. Salee and unanimously passed approving an Award of Contract for Construction of the Public Improvements and Purchase Order No. 21-466 in the amount of \$2,711,183.38 to Centerline Utilities, Inc., as conditioned and presented.

g) GENERAL

i) LIDAR Presentation

Mr. Beatty stated that Jim Sullivan of WGI is in attendance to give a LiDAR presentation.

Mr. Sullivan addressed the Board and explained that he is a Land Surveyor with WGI, noting that he lives in Unit 11 and WGI headquarters is located within Unit 5. He began his presentation by briefly describing the company before showing slides of the conventional way of land surveying, followed by the newer GPS process. He then explained that LiDAR stands for Light Detection and Ranging which is a remote sensing method to collect 3D data. He explained that it creates a lot of data in a short period of time, but one of the few downsides is that it only collects what can be seen, so concealed areas are a problem. He then reviewed the history and evolution of its use. The technology is mobile and he explained the various methods of use, such as by vehicle, backpack or drone and showed examples of each.

Mr. Bardin asked if it could be operated indoors. Mr. Sullivan advised that it can, but he explained how the process differs.

A general discussion followed as to how this technology would work for Northern and its GIS, using data collected from some of Northern's rights-of-way as an example. The discussion continued with regard to cost savings opportunities, potential uses, inability to redact confidential data, benefits to the environment, and potential data and cost sharing with other municipalities.

The Board thanked Mr. Sullivan for his presentation.

This item was presented for information only and no Board action was required.

7

ii) Consider Agreement with RMPK Funding, Inc.

Ms. Roundtree stated that this item is to consider an Agreement with RMPK Funding, which is a grant writing firm. She stated that Staff realized that there are potential grant opportunities available for many of Northern's upcoming projects and listed several of the projects that she thought may qualify. She explained that a grant writer is skilled in searching for potential grants and completing the applications. Ms. Roundtree stated that RMPK Funding has worked with Indian Trail Improvement District and municipalities in the area. She explained that, if approved, Northern would advise RMPK of potential projects and, if they find an applicable grant opportunity, Northern would pay them between \$1,500 to \$6,000 to prepare the application based upon how extensive it is. If the application is approved, Northern will either have RMPK Funding manage the required ongoing grant-related paperwork and reporting throughout the project or, depending upon the complexity, Staff may manage it internally.

Mr. Boykin called for any comments from the public to which there was no response.

A **motion** was made by Mr. Cohn, seconded by Mr. Salee and unanimously passed approving the Grant Application and Management Agreement with RMPK Funding, Inc.

iii) Consider Purchase Order to AV-WORX

Ms. Roundtree explained that the audio-visual equipment in the Board Room was installed 15 years ago and is in need of repair and/or replacement. She stated that Staff requested proposals from three vendors recommended by our IT consultant as to how they would rework the current system. She reported that Staff recommends the proposal submitted by AV-WORX and she briefly explained the proposed upgrades to the equipment. Ms. Roundtree noted that the quote from AV-WORX in the amount of \$55,808.83 was the lowest quote of the three and Staff recommends approval.

Mr. Block stated that he appreciated Staff's emphasis on salvaging or reusing older equipment when practicable.

Mr. Boykin called for any comments from the public to which there was no response.

A motion was made by Mr. Cohn, seconded by Mr. Salee and unanimously passed approving Purchase Order No. 21-420 to AV-WORX in the amount of \$55,808.83.

8) MISCELLANEOUS REPORTS

a) ENGINEER

Mr. Lawson had nothing to report.

b) ATTORNEY

Mr. Edwards stated that he had a few items to report.

He began his report by reminding the Board to submit their 2020 Form 1 Statements.

Mr. Edwards stated that the next item was regarding the Legislative Session, explaining that bills are slowly being whittled down so that a smaller amount are applicable to special districts. He noted that when and if the Governor signs any of them, he will issue a report to the Board explaining their ramifications and effects.

Mr. Edwards stated that the next item was related to the Unit 16, Palm Beach Park of Commerce. He explained that the Board previously accepted a Water Management Easement, which was subsequently recorded, and two Bills of Sale, one with a warranty and one without. He stated that these documents were coordinated through the Developer's local legal counsel. However, local counsel was not aware when the documentation was delivered to Northern that the property was being sold to another owner by use of an out-of-state attorney about the same time the property interests were being conveyed to Northern. Mr. Edwards explained that to avoid any title or ownership issues, he requested and received duplicate documents executed by the new owner and is asking the Board to accept those instruments to firm up Northern's title in the easement interests and assets included in the Bills of Sale.

Mr. Boykin called for any comments from the public to which there was no response.

A **motion** was made by Mr. Cohn, seconded by Mr. Salee and unanimously passed accepting the Water Management Easement and two Bills of Sale, as presented.

Mr. Edwards stated that the last item was related to Unit 18, Ibis Golf & Country Club. He stated that Northern previously went through a lengthy dispute process with the City of West Palm Beach (City) which resulted in an Amended and Restated Operations and Maintenance Agreement pertaining to the Ibis drainage system. One aspect of that document was that Northern now has an additional joint permit approval process with the City in regard to the addition of waters into the Ibis Surface Water Management System. He reported that Northern recently received a permit application involving the expansion of Northlake Boulevard that was submitted on behalf of the Avenir development. Mr. Edwards explained the purpose of the application. He further explained that Northern had no problem with the request, but the application cannot be approved by Northern without the City's approval and the City has said no. Mr. Edwards then briefly reviewed the consequences related to this issue which also involves the County and the South Florida Water Management District. He reported that Northern has no problem with the application, but is once again caught in the middle, and he wanted to inform the Board of the situation.

Mr. Bardin stated that Staff has been in communication with County officials.

c) EXECUTIVE DIRECTOR

Mr. Bardin stated that the Public and Community Relations Report is included in the Board materials for review.

9) COMMITTEE REPORTS

a) PERSONNEL COMMITTEE

i) Consider Committee Recommendations

Mr. Boykin reported that the Committee met on April 21, 2021, to discuss two items. The first item was to address Mr. Bardin's annual review and that was deferred to May. He stated that the second

item was to authorize Northern's Labor Counsel to proceed with the drafting of Mr. Beatty's contract to succeed Mr. Bardin in the Executive Director position, noting that work on the succession plan is continuing on schedule.

Mr. Boykin congratulated Mr. Beatty on being given the opportunity to lead Northern into its next phase, and Mr. Beatty thanked the Board.

This item was presented for information only and no Board action was required.

10) RECEIVE AND FILE

The following items were presented to be received and filed:

- Assessment Collection Status as of April 7, 2021;
- Northern Quarterly Financial Report; and
- Proof of Publication of Meeting Notice

copies of which are contained in Northern's records.

11) COMMENTS FROM THE BOARD

There were no comments from the Board.

12) ADJOURN

There being no further business to come before the Board, the meeting was adjourned.

A request for quotations was sent to three of Northern's General Services Contractors and two quotes were received. The Grassroots Corporation submitted the lowest quote in the amount of \$47,192.00 (see attached bid tabulation). The Grassroots Corporation has conducted similar work for Northern in the past and is highly qualified to complete the scope of this project.

RE:	Unit of Development No. 19 – Regional Cer Consider Ratification of Encumbrance Mode to Thompson Contracting Group		or Purchase Order No. 21-375

Background

Purchase Order No. 21-375 to Thompson Contracting Group was issued on March 15, 2021 in the amount of \$4,518.00 for cleaning and inspection of a lake interconnect pipe within Unit 19, Regional Center. During the inspection, it was determined that a catastrophic failure had occurred within a section of the pipe which could potentially create a hazardous condition. Fiscal Impact

Funding is available in the 2020/2021 maintenance budget for this expenditure.

Recommendation

Northern Staff recommends the Board approve the Ratification of Encumbrance Modification for Purchase Order No. 21-375 in the amount of \$9,650.00 to Thompson Contracting Group.

RE:	Third Amendment to Annual Contract		
	Janitorial Contract – EOC/Administration B	uilding	
	Image Janitorial Services, Inc.		

Background

In 2007, Northern advertised the janitorial services for the Administration Building for bids. The bids for these services came in below the \$25,000 Board approval threshold but were considered by the Board anyway. At that time, Image Janitorial Services, Inc. (Image) was awarded an annual contract for one year with four additional one-year extensions.

In 2011 and 2016, the First Amendment and Second Amendment, respectively, to the Image contract were approved by the Board providing additional extensions. Image's current annual rate is \$19,467.00 and their contract is due to expire on September 30, 2021. The proposed Third Amendment will include the same terms. Staff is pleased with their service, and Image has agreed to maintain their current contract price.

Fiscal Impact

This expenditure will be accounted for in the 2021/2022 Fiscal Year Budget.

Recommendation

Northern Staff requests Board approval of the Third Amendment to the Contract with Image Janitorial Services, Inc.

Third Amendment to Cleaning Contract Between NPBCID and Image Janitorial Services, Inc.

This Third Amendment, (the "Third Amendment") shall be effective as of the 1st day of October, 2021 and is being entered into by and between Northern Palm Beach County Improvement District (herein the "Owner") and Image Janitorial Services, Inc. (herein the "Contractor").

WITNESSETH

WHEREAS, the Owner and Contractor entered into a cleaning contract on or about June 1, 2007, as was thereafter amended on October 26, 2011 by a First Amendment and on January 27, 2016 by a Second Amendment thereto (which together are hereinafter referred to as the "Cleaning Contract"); and

WHEREAS, the Owner and Contractor intend by this Third Amendment to supplement and extend the term and provisions of the Cleaning Contract.

NOW, THEREFORE, for and in consideration of the mutual benefits to the parties hereto, the Owner and Contractor do agree as follows:

(1) <u>Recitals</u>. The above recitals are true and correct to the best of the knowledge of the parties hereto and incorporated herein by this reference.

(2) <u>Amended Term</u>. The term of the Cleaning Contract is hereby extended through and including September 30, 2022, following which the Owner may, at its sole discretion, grant annual extensions of the Cleaning Contract for up to four additional one (1) year terms. Each such annual extension shall start on October 1 and expire on September 30 and be implemented by the Owner's provision of written notice to the Contractor at or about thirty (30) calendar days prior to commencement of the renewal term.

(3) <u>Contract Price</u>. The current Contract Price shall continue through September 30, 2022. Thereafter, the Contract Price for each future annual extension term shall be subject to an annual re-negotiation which must be concluded on or before March 1st of each year (the "Re-negotiation Date"). The Contractor shall be responsible for initiating any re-negotiation of the Contract Price, with said negotiation to commence at or before sixty (60) days prior to the applicable Re-negotiation Date. The Contractor's failure to initiate a re-negotiation prior to the Re-negotiation Date shall result in continuation of the then current Contract Price.

(4) <u>Reaffirmation</u>. Except as otherwise herein amended or supplemented, the terms and provisions of the Cleaning Contract shall continue in full force and effect.

(5) <u>Counterparts</u>. This Third Amendment may be executed in one or more counterparts, all of which shall be considered as one and the same instrument.

(6) <u>Effective Date</u>. This Third Amendment shall be effective as of the date it is executed by both of the parties hereto.

Reimbursement Details & Requirements

The Special District Accountability Program within the Florida Department of Economic Opportunity (the "Program") is committed to helping special district staff and Board members attend the FASD Annual Conference. The goal is to encourage nonmember and smaller special districts to send a representative to the conference. The "Registration Reimbursement Program" allows for up to two representatives (Board member and/or non-Board member), from a limited number of qualifying special districts to attend the conference without being required to pay a conference registration fee. Funding does not include any other expenses, such as travel, hotel, meals, and per diem costs. Instead, the Program will reimburse FASD for conference registration fees for special district staff and Board members. The district must meet the criteria established by the Reimbursement Program in order to send any individuals. Districts seeking reimbursement must meet the following criteria:

- 1. All requests for reimbursement must be postmarked by April 23, 2021 or received via email or fax by May 3, 2021.
- 2. An individual from a special district that received a reimbursement in 2019 will not be eligible for a reimbursement in 2021.
- 3. The district must be in compliance with the Fiscal Year 2018-2019 Annual Financial Report requirement with the Florida Department of Financial Services and if applicable, the 2018-2019 Annual Financial Audit Report requirement with the Florida Auditor General, and the Fiscal Year 2020-2021 state fee and update requirements with the Special District Accountability Program.
- 4. The district with the lowest Annual total revenues reported to the Florida Department of Financial Services on the district's FY 2018-2019 Annual Financial Report. Go to <u>https://apps.fldfs.com/LocalGov/Reports/</u>, select "2019" and "Total Revenues, Expenditures, and Debt," then "Get Report."
- 5. The district that has not sent a representative to the conference in the past will be given preference.

If you have any questions about the Special District Accountability Program, special district reporting requirements, or noncompliance issues, please visit <u>http://www.FloridaJobs.org/SpecialDistricts</u> or contact Jack Gaskins at 850-717-8430 or <u>Jack.Gaskins@DEO.MyFlorida.com</u>.

Subject: Unit 2C - Alton Alton Road and Neighborhood 1 Final Paving Project Project No. PRJ-618

Dear Mr. Beatty:

The firm of ARCADIS US, Inc. has completed its review of three responsive bids received on May 18, 2021 for the Unit 2C Alton – Alton Road and Neighborhood 1 Final Paving Project. Bid accuracy of all bids received was verified using a spread sheet confirming that the bid amount of \$935,659.55 from J.W. Cheatham, LLC was the low bid. The total bid included \$897,539.65 in public improvements and \$38,119.90 in private improvements.

The range of responsive bids received was from \$935,659.55 to \$1,002,342.94. I have attached a copy of the overall bid tabulation for your reference.

The landowner has been advised that he will need to provide a letter of credit or other acceptable surety in the amount of \$47,649.88 representing 125% of the private improvement value, prior to an award of the private improvement work being made.

J.W. Cheatham, LLC has completed numerous other District projects in the Alton development. The District's experience in working with them has proven to be very successful. Therefore, we do not see anything that should deter us from considering J.W. Cheatham, LLC as the viable low bidder on this project. RE: Unit of Development No. 11 – PGA National Consider Acceptance of Quit Claim Deed – Avenue of the Champions Right-of-Way

Background

Northern was recently advised that a portion of the road right-of-way (ROW) for Avenue of the Champions was owned by The Professional Golfers' Association of America. This ROW is located on the west side of the roundabout at the intersection of Avenue of the Champions and Fairway Drive. A 1986 Quit Claim Deed was provided to Northern for some of this ROW recorded in Palm Beach County, Official Records Book 5027, Pages 1497 through 1500. However, there are ROW parcels not included in that conveyance.

A new Quit Claim Deed and legal description for the roundabout on the west side of the intersection has been provided by The Professional Golfers' Association of America. The legal description and sketch includes property from the 1986 Quit Claim Deed in addition to that portion of the ROW owned by The Professional Golfers' Association of America.

Fiscal Impact

There are no fiscal impacts relating to the acceptance of the Quit Claim Deed for the noted road ROW.

Recommendation

Northern Staff and General Counsel recommend acceptance of the attached Quit Claim Deed.

EXECUTIVE SUMMARY

TO:	Matthew J. Boykin L. Marc Cohn Gregory Block Adrian M. Salee Ellen T. Baker	DATE: May 26, 2021

RE:	Unit of Development No. 18 - Ibis Golf and Second Amendment to Annual Contract Aq Aquatic Vegetation Control, Inc. (AVC)	d Country Club quatic Weed Control & Marsh Maintenance

Background

AVC's contract for Aquatic Weed Control & Marsh Maintenance in Unit 18, Ibis is due to expire on September 30, 2021. The proposed Second Amendment will include a one year initial contract and four potential annual extensions. Future Annual Extensions are issued upon the approval of both parties. AVC is also requesting a 5% increase to absorb their increased fuel and chemical expense.

Ibis has a unique system with a number of idiosyncrasies that create challenges in aquatic weed control and marsh maintenance. AVC has complied with the lakes and marshes maintenance specifications consistently in Ibis. The number of resident complaint calls received by the Northern from Ibis are minimal. The total amount of this annual contract including the 5% increase will be \$523,009.05.

Fiscal Impact

This expenditure is included in the 2021/2022 Fiscal Year Budget.

Recommendation

Northern Staff requests Board approval of the Second Amendment to the Contract with Aquatic Vegetation Control, Inc., including the 5% increase (beginning October 1, 2021), for a total annual contract amount of \$523,009.05.

Second Amendment to Aquatic Weed Control and Marsh Maintenance Contract for Unit 18, Ibis Country Club Between

Northern Palm Beach County Improvement District and Aquatic Vegetation Control, Inc.

This Second Amendment, (the "Second Amendment") shall be effective as of the 1st day of October, 2021 and is being entered into by and between Northern Palm Beach County Improvement District (herein the "Owner") and Aquatic Vegetation Control, Inc. (herein the "Contractor").

WITNESSETH

WHEREAS, the Owner and Contractor entered into an Aquatic Weed Control and Marsh Maintenance Contract in Unit of Development No. 18 on or about August 1, 2013, and first amended on October 24, 2016.

WHEREAS, the Owner and Contractor intend by this Second Amendment to supplement and extend the term and provisions of said Aquatic Weed Control and Marsh Maintenance Contract.

NOW, THEREFORE, for and in consideration of the mutual benefits to the parties hereto, the Owner and Contractor do agree as follows:

(1) <u>Recitals</u>. The above recitals are true and correct to the best of the knowledge of the parties hereto and incorporated herein by this reference.

(2) <u>Amended Term</u>. The term of the Aquatic Weed Control and Marsh Maintenance Contract is hereby extended through and including September 30, 2022, following which the Owner may, at its sole discretion, grant annual extensions of the Aquatic Weed Control and Marsh Maintenance Contract for up to four additional one (1) year terms. Each such annual extension shall start on October 1 and expire on September 30 and be implemented by the Owner's provision of written notice to the Contractor at or about thirty (30) calendar days prior to commencement of the renewal term.

(3) <u>Contract Price</u>. The current Contract Price shall continue through September 30, 2022. Thereafter, the Contract Price for each future annual extension term shall be subject to an annual re-negotiation which must be concluded on or before March 1st of each year (the "Re-negotiation Date"). The Contractor shall be responsible for initiating any re-negotiation of the Contract Price, with said negotiation to commence at or before sixty (60) days prior to the applicable Re-negotiation Date. The Contractor's failure to initiate a re-negotiation prior to the Re-negotiation Date shall result in continuation of the then current Contract Price.

(4) <u>Reaffirmation</u>. Except as otherwise herein amended or supplemented, the terms and provisions of the Aquatic Weed Control and Marsh Maintenance Contract shall continue in full force and effect.

(5) <u>Counterparts.</u> This Second Amendment may be executed in one or more counterparts, all of which shall be considered as one and the same instrument.

RE:	Unit of Development No. 53 – Arden Consider Non-Interference Agreement wit Property LLC Parcels J, G-South and I-South Public Imp	U	

Background

Northern is currently constructing its public infrastructure improvements in Parcels J, G-South and I-South in Arden. This contract was awarded to Centerline Utilities, Inc. at the April 2021 Board Meeting. In addition to Northern's construction, there are a significant amount of private improvements being constructed by Highland Dunes Associates Property LLC. This private construction may potentially impact Northern's construction as components of both projects will be constructed in close proximity to one another. Therefore, Northern requires Highland Dunes Associates Property LLC to enter into the attached Non-Interference Agreement to protect Northern in the event construction conflicts arise between the two entities. The agreement was prepared by Northern's General Counsel and is consistent with previous agreements prepared for similar circumstances in the past.

Fiscal Impact

There are no fiscal impacts with this item.

Recommendation

Northern Staff and General Counsel recommend approval of the proposed Non-Interference Agreement with Highland Dunes Associates Property LLC.

NON-INTERFERENCE AGREEMENT (UNIT OF DEVELOPMENT NO. 53)

THIS NON-INTERFERENCE AGREEMENT (the "Agreement") shall be effective as of the day of ______, 2021, (the "Effective Date") and is being entered into by and between Northern Palm Beach County Improvement District, 359 Hiatt Drive, Palm Beach Gardens, Florida 33418, (hereinafter referred to as "Northern"), and Highland Dunes Associates Property LLC, 500 Boylston Street, Suite 2010, Boston, MA 02116, (hereinafter referred to as the "Landowner").

$\underline{W} \underline{I} \underline{T} \underline{N} \underline{E} \underline{S} \underline{S} \underline{E} \underline{T} \underline{H}$:

WHEREAS, Northern previously created its Unit of Development No. 53 (the "Unit") and has previously, is currently or will be installing public works within various sites located within the Unit; and

WHEREAS, the Landowner is installing or constructing private improvements within the Unit that may impact or affect Northern's existing public works or Northern's installation or construction of its public works; and

WHEREAS, the Landowner acknowledges that its activities within areas where Northern or its contractors are currently or are expected to implement and construct public works could adversely affect or delay such Northern activity, including but not limited to that encompassed by and listed in attached Exhibit "A", resulting in a Northern contractor seeking or being entitled to seek reimbursement and/or claims from Northern for damages, including but not limited to economic losses, delay damages and/or property damages; and

WHEREAS, the Landowner further acknowledges that interference or damage by it or its employees, agents or contractors (together the "Landowner Group") with a Northern public work project or a Northern contractor's implementation and/or construction of public works for Northern may result in Northern's contractor seeking or being entitled to seek reimbursement and/or claims from Northern for damages, including but not limited to economic losses, delay damages and/or property damages from Northern.

NOW, THEREFORE, in consideration of the mutual covenants and promises hereinafter set forth, the sufficiency of consideration for which is hereby acknowledged, Northern and the Landowner agree as follows:

Northern contractor's equipment, materials or works.

ARTICLE III. NON-INTERFERENCE. The Landowner for itself and the Landowner Group does hereby agree that it and they shall not interfere with a Northern contractor's implementation and/or construction of public works within the Unit nor cause any damage to a public work during or following a Northern contractor's installation and/or construction of such public works.

<u>ARTICLE IV. INDEMNIFICATION.</u> If, however, the Landowner or the Landowner Group should, for whatever reason, fail to comply with the requirements set forth in Article III then in such event the Landowner shall be obligated to indemnify, defend and hold Northern harmless of, from and against any and all liability, loss, claims, demands, liens, damages, penalties, fines, judgments, interest, costs and/or expenses of whatsoever nature (including, without limitation, reasonable attorney's fees, expert fees, appellate costs and litigation costs) which are directly or indirectly incurred, arise out of, relate to, or result from such failure.

<u>ARTICLE V. NOTICE OF CLAIM.</u> Northern does hereby agree that within ten (10) business days following receipt of a written claim from one of its contractors that any of the conditions above exist or for claims or damages for which the Landowner has herein indemnified Northern that it shall provide written notice of such claim to the Landowner. Such notice shall include a reasonable and appropriate deadline as to when the Landowner may comment, reply or otherwise respond to the claim from the contractor.

ARTICLE VI. REVIEW OF CLAIM. Northern agrees to exercise reasonable diligence to ascertain the validity of any such claim by its contractor and to consider all input received from the Landowner within the deadline established by the notice referenced in Article V above.

RE:	Presentation of the Proposed Fiscal Yea	ar 2021/2022 Budget

An electronic copy of the proposed budget was provided to you under separate cover on May 19, 2021. Staff has created a PowerPoint presentation to help identify the significant items within the budget and the assessment rates proposed for FY 2021-2022.

The Palm Beach County Property Appraiser will provide the property detail modifying Northern's tax roll on or about May 26, 2021. This new information will be analyzed for changes and applied to the proposed budget. The proposed budget will be considered again at the June 23, 2021 meeting. The Assessment Rates approved in the June 23, 2021 meeting will be certified to Palm Beach County for the TRIM ("Truth in Millage") notice. The Assessment Rates will be considered again for final approval at the August 25, 2021 Public Hearing and Board Meeting.

Copies of the proposed budgets were provided to the Property Owners' Associations and the Homeowners' Associations within Northern. Meetings were held on Zoom, in person or email in May with those who wanted to review their proposed budgets.

RE: Consider Agreement with In Rem Solutions, Inc. Grant Application and Management Services

Background

Northern's capital improvement plan includes several large projects that could potentially qualify for grant funding. Staff has spoken to grant application experts and discussed these projects in general. Grants may be available to cover some of the cost of these projects; however, the time involved to search for and apply for these grants can be lengthy. An experienced grant writer can assist an organization with identifying potential grants and completing applications for those grants.

In Rem Solutions, Inc. is engaged by several municipalities in our area and has helped secure grants for various projects including parks, roadway improvements and land management. If approved, they will first study Northern's potential projects in detail and then look for specific grant opportunities. If prospects are found, In Rem Solutions, Inc. will prepare the grant application for Northern and submit it to the grantor for consideration. If the application is approved, Northern will either have In Rem Solutions, Inc. manage the required ongoing paperwork and reporting throughout the project or Staff will do the same.

Fiscal Impact

The cost to prepare an application is based on an hourly rate agreed upon in advance, depending upon the type and complexity of the grant application. Funds are available in each Unit's fund balance as well as budgeted in the subsequent year's budget.

Recommendation

Northern Staff recommends approval of the Grant Application and Management Agreement with In Rem Solutions, Inc.

Exhibit "B"

In Rem Solutions' grant writing and grant management services are charged three different ways:

1. Hourly basis. Our hourly fee is \$160/hour.

Estimated fees for grant applications:

Local or Regional application - 20 to 50 hours (\$3200 to \$8000) State Application – 40 to 60 hours (\$6400 to \$9600) Federal Application – 50 to 100 hours (\$8000 to \$16,000)

In an hourly rate agreement we are paid for the actual amount of time that it takes to write an application. Although we may give an estimate of time upfront, the bill is based on actual time. The longer we work with a client, the more we begin to experience economies of scale and grant application hours will decrease. If the client has applied for a particular grant in the past, having a copy of the previous application can also greatly reduce our hours.

2. **Retainer contract**. \$50,000 for the year.

In a retainer agreement we are paid a set amount each month and prepare all of the grant applications for the city under that agreement. There is no limit to the number of applications, however we generally recommend a minimum project budget amount of \$25,000 for each grant application.

3. **Project basis**. Determined on a case by case basis, we estimate the number of hours and select a fee that both parties agree upon. Please see the estimated hours for types of grants as stated in the above paragraph.

Fees include charges incurred for In Rem Solutions staff, office expenses and other overhead expenses. Costs incurred solely for the benefit of the client will be charged to the client at cost without mark-up. Examples include delivery, shipping and mailing costs, photocopies, notebooks, tabs, and other directly related expenses.

Travel expenses are charged to the client as agreed upon prior to travel. Hourly rates apply to all preparation and meeting time.

When comparing hourly rates of different firms, it is important to compare the number of hours required to complete a grant application. As our familiarity grows with city programs, costs begin to decrease greatly.

RE:	Consider Letter of No Objection for Aban	donment of Drainage Easemen	t

Background

On June 15, 1989, the Trustees of the MacArthur Liquidating Trust Agreement conveyed to Palm Beach County a Drainage Easement (copy attached) recorded in OR Book 6136, beginning at Page 315. The current owners of the underlying fee title parcel encumbered by this easement are now attempting to clear title to their property through the abandonment of the easement. Palm Beach County has adopted Abandonment Procedures and Instructions (copy attached) which include a required Letter of No Objection issued by the local water control special district. The parcel and Drainage Easement lie with Northern's jurisdictional boundaries.

Cotleur & Hearing, the municipal planner representing the property owner, has requested (email attached) Northern issue a Letter of No Objection for the abandonment of the subject Drainage Easement. Prior to taking such action, the District Engineer must opine that the Drainage Easement is not necessary for Northern. Attached is Bob Lawson's opinion and recommendation that the Board of Supervisors approve the issuance of the Letter of No Objection to the Abandonment of the Drainage Easement.

Fiscal Impact

There are no fiscal impacts associated with the agenda item.

Recommendation

Northern Staff, District Engineer and General Counsel recommend the Board of Supervisors approve the issuance of a Letter of No Objection to the easement abandonment.

	parcels abutting the right-of-way	per sq ft

6.	80% of value (.80)	\$
7.	Less Filing Fee (if approved)	\$-1,600.00
8.	Total cost (Privilege Fee)	\$

EXAMPLE OF HOW TO CALCULATE THE PRIVILEGE FEE STATEMENT FOR AN ABANDONMENT

Example: An east/west right-of-way is proposed to be abandoned/vacated. The privilege fee will be based on the average land value of the abutting land. The petitioner is responsible to pay 80% of the average land value of the land to be vacated, based on the property Appraiser's value. **NOTE: This example is for a petition site with only TWO abutting properties:**

- A. The property <u>south</u> (Property Control No.) of the (abandonment/vacate site) has been appraised at \$8.000 per square foot by the Palm Beach County Property Appraiser.
- B. The property <u>north</u> (Property Control No.) of the (abandonment/vacate site) has been appraised at \$12.000 per square foot by the Palm Beach County Property Appraiser.
- C. The average square foot land value of both properties would be \$10.
- D. The <u>(abandonment/vacate site)</u> consists of 18,000 square feet (that is, 600' x 30'). Take the <u>average</u> land value of the <u>(abandonment/vacate site)</u>, which is based on appraisals by the Palm Beach County Property Appraiser of real estate <u>south</u> and <u>north</u> as described above and multiply it by 18,000 square feet (that is: 18,000 x 10 = 18,000)
- E. 20% Reduction in cost. Take 80% of \$18,000 (18,000 X 0.80) = \$15,840.
- F. Petitioner provides a privilege fee in the amount of \$15,840.
- Q. Justification the petition shall state the prevailing conditions and reasons to support the request.

Subject: Drainage Easement Abandonment - North Palm Beach

Mr. Barton:

We are working with the land owner and contract purchase to have an old drainage easement abandoned on a property located at 10401 Prosperity Farms Road. From my understanding, there was, historically, an easement which ran north to south along Prosperity Farms Road and as development occurred this easement was abandoned, which the petitioned site be the only remaining remnant.

As a requirement by the Easement Holder (Palm Beach County), we are requesting a Letter of No Objection from NPBCID.

Below is a link to the site, as well as, attached I've included a location map, and petition instructions from the county (see paragraph H. starting on page 2).

Subject: Prosperity Road Parcel Drainage Easement ORB 6136, PG 315 PBC PCN # 68434208000007160

Dear Mr. Beatty:

Please be advised that our office has completed its review of a request for a letter of no objection related to the abandonment of any rights the District may have in the above referenced drainage easement. An exhibit showing the easement's location is attached for your convenience.

Our review has concluded that although the parcel and drainage easement lie within the jurisdictional boundaries of the District, they do not lie within an active Unit of Development and the District does not have any need for the drainage easement.

We therefore conclude that a letter of no objection can be issued with respect to this request.

Please contact this office should you have any questions with respect to this recommendation.

Sincerely,

Robert W. Lawson, P.E. Vice President

Importance of Reducing Water Pollutants

Source: wlrn.org

Water pollution is unwelcomed in any community; however, in Florida there is additional urgency since it is a peninsula and surrounded by water on three sides. Water pollution has devastating effects on ecosystems, the economy and the tourist industry. Pre-pandemic, the tourism industry was Florida's largest industry, accounting for an average of \$110 billion per year. Florida's warm climate and miles of beautiful beaches are very appealing to tourists. Unfortunately, an increase of pollutants in Florida's bodies of water such as fertilizer runoff and inadequately treated sewage have resulted in algal blooms, red tides, and the deterioration of ecosystems, all of which may turn tourists away.

Unique ecosystems like coral reefs and the Everglades, carry out integral roles in Florida's environment. Coral reefs provide shelter for more than four thousand species of fish and almost one quarter of all known marine species. Additionally, coral reefs protect coastlines from erosion and attract tourists to witness the stunning, vibrant views coral reefs offer. Due to the increase of water pollution, Florida has lost about 98% percent of its coral reefs. Coral reefs need clean, clear water to survive. When sediment and other pollutants enter the water, they smother coral reefs, speed the growth of damaging algae, and lower water quality. Pollution can also make corals more susceptible to disease, impede coral growth and reproduction, and cause changes in food structures on the reef. Excess nitrogen, mainly from fertilizers and improperly treated sewage, feeds blooms of algae that block out the light. It also throws off the nutrient balance in the water in ways that disrupt the coral's life cycle.

South Florida is the home of the largest subtropical wetland ecosystem in the United States, more commonly known as the Everglades. The Everglades provides one third of Florida's drinking water and shelters endangered and rare wildlife. Water pollution containing nitrates and phosphates from fertilizer and improperly treated sewage trigger algal blooms and are particular concerns for the Everglades. The algal blooms decrease the amount of dissolved oxygen in the water. Fish and other wildlife are deprived of essential oxygen in the water. Native plants used to lower nitrogen levels do not survive, allowing for non-native invasive species to take hold and thrive.

The urgency to decrease and prevent water pollution is only rising. The first step is to raise awareness. Educating others on the harmful effects of water pollution on coral reefs and the Everglades increases public awareness to cause change. This is not only a problem caused by large industrial plants and farms, pollution from residents and businesses are just as, if not more, harmful to the environment. Industrial plants and farms are regulated on how much chemicals they can use. Residents and businesses are as well, but to a smaller degree. People must be aware of what they are doing to the environment with each and every choice that they make. What you can do to decrease water pollution:

- Use fertilizers, herbicides, and pesticides containing nitrates and phosphates with care.
- Leave a "ring of responsibility" around retention areas like local ponds, canals or lakes by not fertilizing close to the water. This untreated area will serve as a natural buffer zone.
- Avoid disposing household chemicals or other pollutants into sinks.
- Pick up litter and throw it into a garbage can, not down a storm drain.

Reducing and preventing water pollution from reaching Florida's ecosystems will protect not only wildlife, but Florida's economy as well.

NPDES tip: Planting a rain garden with native plants around your home helps lock rain water in the ground, reducing the flow of pollutants and poisons into the drains. Using organic fertilizers and pesticides in your garden further protects and brings health to your yard and all the species living there.

EXECUTIVE SUMMARY

то:	O'Neal Bardin Jr., Executive Director	DATE: April 23, 2021
FROM:	C. Danvers Beatty, P.E. Deputy Director	
RE:	Employment of Relative with a Northern Vendor	

My son Colton Beatty has taken an entry level rod-man position on a survey crew with the firm of Caulfield and Wheeler. As you are aware Caulfield and Wheeler is on our list of Consulting Engineers and do an extensive amount of work with Northern. Colton's position is at the vey entry level and he is not in any decision making capacity. I will request from Caulfield and Wheeler that Colton not be involved in any Northern related projects. I will also recuse myself from the review and approval of any Caulfield and Wheeler invoices, Kim Lesser will be responsible for that task. In addition I will recuse myself from any decisions with respect to requesting proposals from Caulfield and Wheeler for Northern work in the future or until such time as Colton is no longer an employee. I trust this condition is acceptable and I will be happy to advise Northern's Board of this as well.
